Installation Guide – Mega-Retail Drivers Setup

Thank you for choosing Mega-Retail!

Refer to following steps to install Mega-Retail Drivers.

Caution

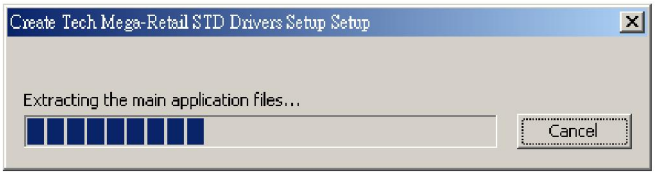

Mega-Retail Drivers Setup can be installed or removed only by a user with an administrator account.

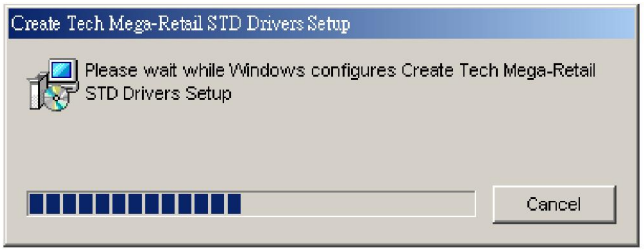

Installation

1. Insert the Setup CD into your computer's CD-ROM driver.
2. Browse the CD and run **Mega-Retail_std_setup.exe**

3. The following screens appear [(1)].

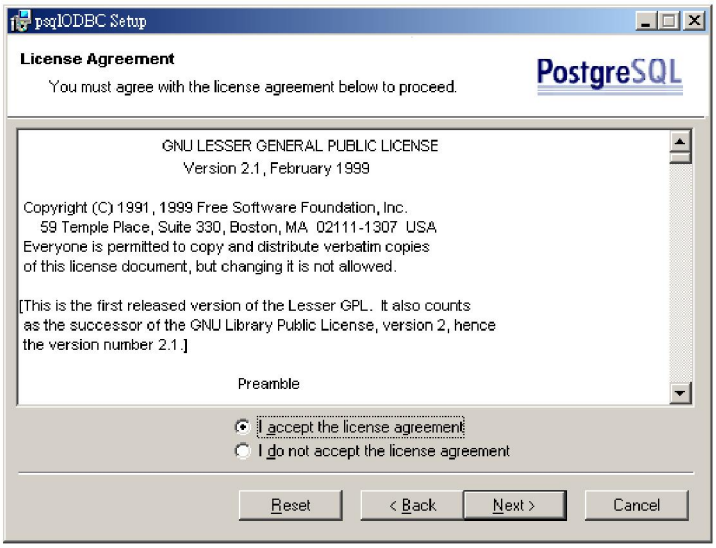

(1): if you cannot see these screens, follow step A in "Exceptional cases" section.

4. Wait until you see the following screen [(2)], click "**Next**".

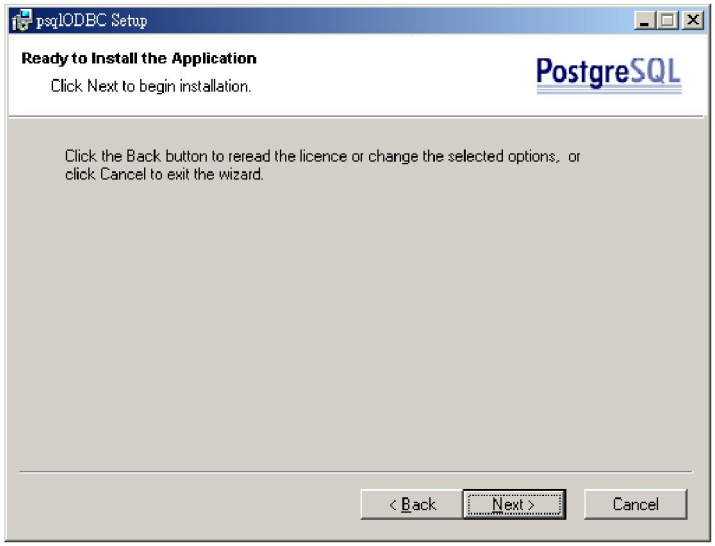

(2): You may see another screen instead, if so, follow step B1 to B3 in "Exceptional cases" section.

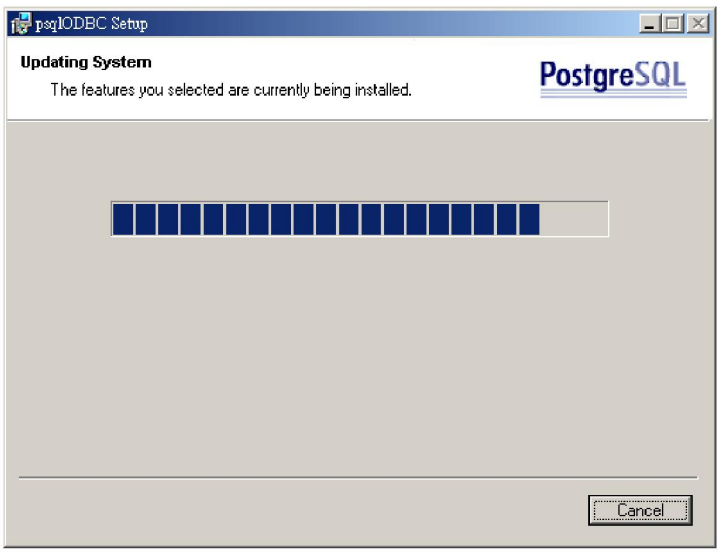

5. The following screen appears, read the license and choose "**I accept the license agreement**" if you accept, then click the "**Next**" button.

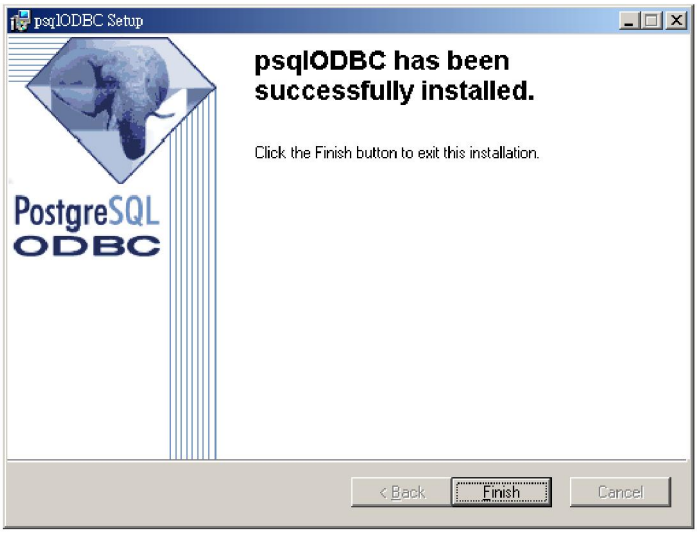

6. click the "**Next**" to process.

7. Wait until finished.

8. Click the "**Finish**" button to complete the installation.

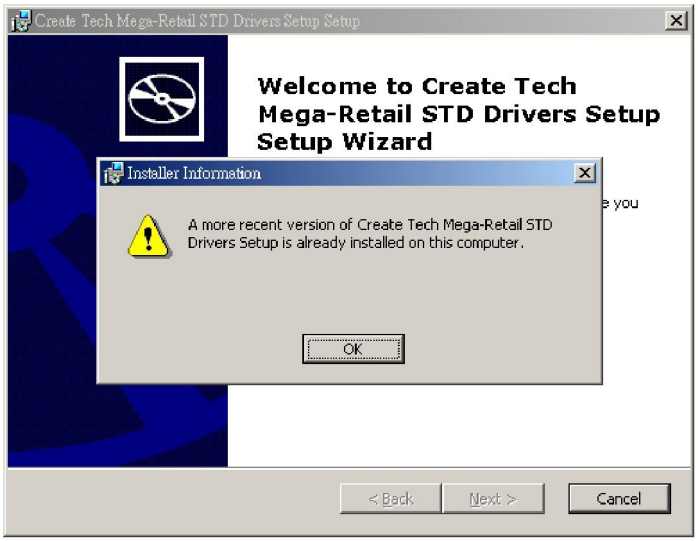

9. Finally, copy 2 files – "**mega-retail.ini**" & "**drowssap.dat**" from the setup CD to the folder C:\CTS\Mega-Retail\

10. Click the icon "**CTS Mega-Retail**" 

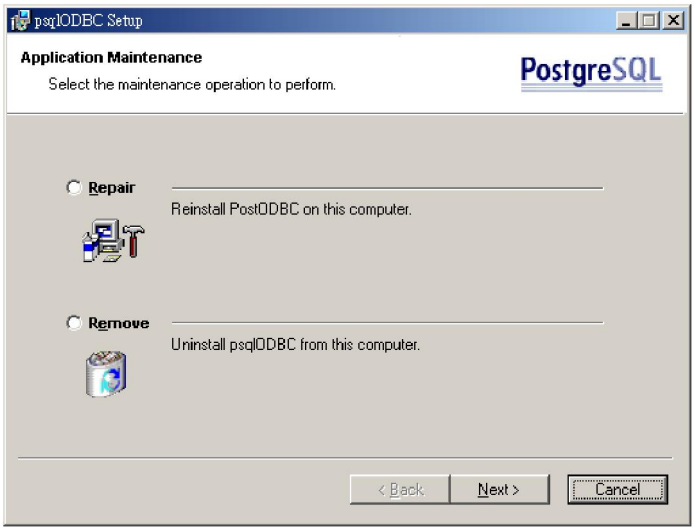

on desktop to start.

Exceptional cases

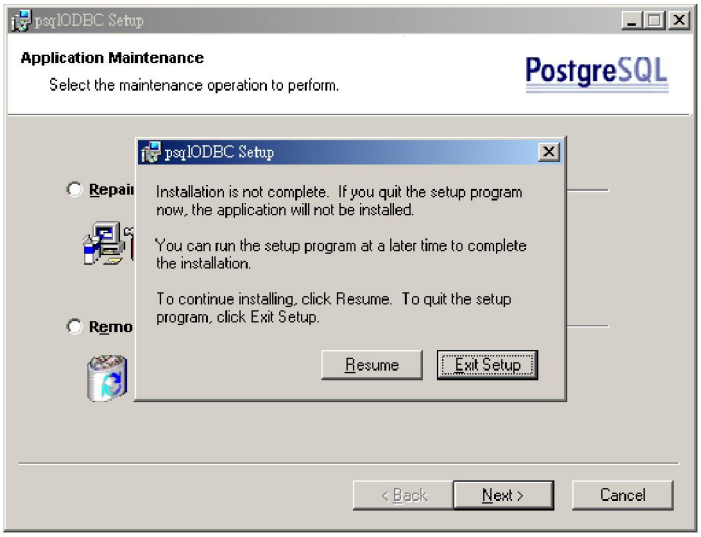

A. If you see the following screen after clicking Mega-Retail_std_setup.exe, that means you have already installed Mega-Retail drivers, click the "**OK**" button followed by the "**Finish**" button to exit.

B1 If you see the following screen, click the "**Cancel**" button.

B2. Click the "**Exit Setup**" button.

B3. Click "**OK**" to exit.
